

# Mills Park Drive: Community Safety Forum

February 1, 2011 7:00-8:30pm

In response to the recent murder on Mills Park Drive, Weed & Seed and the Cordova Towne Neighborhood Association are hosting a Community Safety Forum on Tuesday, February 1, 2011 from 7-8:30pm at Rancho Cordova City Hall. The goal of this resident-led event is to discuss safety options for this location as well as get a pulse for what the community really wants to do about the large brick pillars on Mills Park Drive. What are the options? Additionally, what does it look like to boost safety in the White Rock area? What can happen from this day forward to help stop crime and create a better and stronger community?

We encourage residents throughout Rancho Cordova to come to this event, show your support, and bring your opinion. Please note we are specifically gearing this meeting to be about discussion and solutions. This will not be an anger-fest. We are all feeling frustrated and angry about the recent murder, but we need solutions here, so we're committed to constructive discussion together. Representatives from both Rancho Cordova City Hall and the Rancho Cordova Police Department will be in attendance also.

**When?** Tuesday, February 1, 2011 7-8:30pm

**Where?** City Hall 2729 Prospect Park Hill Drive Rancho Cordova

**Who?** You, your friends. Anyone local.

**Why?** We need to make some safety decisions and talk about how to fight crime in our community. The only way we'll see change is for us to make that happen together. Please consider sending someone from your household. If you live in the White Rock area and cannot

make it, please email or call us to get connected to other neighbors.
